

Oval & Round Series

ACGI Cube Systems come in a variety of cell sizes, wood thicknesses and depths. Depending on project requirements, Cube panels can be factory or field-cut to size. Fixture cut-outs can be factory cut, but are typically cut to field conditions.

Cube-Oval Series [CO1] and *Cube-Round Series* [CR1] panels are factory manufactured as single-piece units or larger multi-piece structures. Larger structures are joined in the field with dowels and appear to be a single unit.

Cube-Oval & Cube-Round Series — Specification Information

Product No.	Suspension Method	Depth (Below Grid)	Typical Strip Width	Cell Size	Depth	Typical Panel Sizes
CO1-####	Varies	Varies	3/16"	Up to 12"	Up to 3"	3'x5', 5'x7', 9'x12'
CR1-####	Varies	Varies	3/16"	Up to 12"	Up to 3"	8', 10', 12' dia.

Cube-Round Series

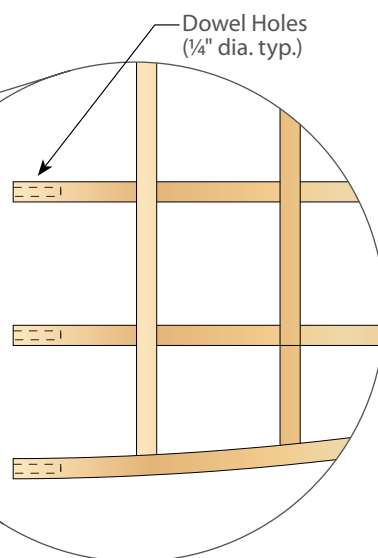

Two Oval Halves
(connected via dowels)

How To Spec It...

Series — Blade Depth
CR1-4200
 Spacing

What It Means... Cube-Modular Series panel with 4" cells and 2" blade depth.

LEED CREDIT

MR 4.1, MR 4.2, MR 7, EQ 4.4

WOOD SPECIES

ACGI Cube Systems are available in a large variety of wood veneers to meet design requirements.

FINISHES

ACGI Cube Systems can be finished in any of our standard finish options or custom finishes.

FIRE RATING

Our veneered products can be provided with a Class A rated core [ASTM-E84].

DELIVERY, STORAGE & HANDLING

Material must be stored and installed only in secured ambient environment (humidity range 25%–55%, temperature not to exceed 86°F). All windows, doors and wet-work must be complete before installation. Handle carefully to avoid damaging.

WARRANTY

All materials supplied by ACGI are guaranteed against manufacturing defects for one year. Wood stains and colorings can vary over time due to job site conditions and are therefore excluded from this warranty. The contractor shall warrant for one year all work from final acceptance of completed work.
